H.R. 38*

**Journal - Office of Legislative Counsel
Wednesday - 18 January 1961**

Page 3

9. (Unclassified - JSW) Mr. Earman advised that the Director had suggested he would like to have Senator Claiborne Pell (D., R.I.) to lunch. I will present a note to the Director on this including suggested guest list of Agency officials who know Pell.

10. (Internal Use Only - JSW) Talked with Robert Smart, House Armed Services Committee staff, bringing to his attention H. Res. 38 submitted by Mr. Johansen which would establish a committee to investigate and study seizures of American citizens including military in foreign countries. It was Mr. Smart's view that little would come out of this resolution. In any event, this will be followed closely by this office.
